Ma <u>c.</u>	MORTERO ACRILICO MORTERLUX Code: 50800	
SECTIO	ON 7 : HANDLING AND STORAGE	
	PRECAUTIONS FOR SAFE HANDLING:         Comply with the existing legislation on health and safety at work.         General recommendations:         Usual protection measures for handling chemicals must be adopted. Handle and open container with care. Handle with care, avoiding any di         Keep the container tightly closed.         Recommendations for the prevention of fire and explosion risks:         Not applicable.         Recommendations for the prevention of toxicological risks:         Do not eat, drink or smoke in application and drying areas. After handling, wash hands with soap and water. For exposure controls and persor protection measures, see section 8.         Recommendations for the prevention of environmental contamination:         Avoid any spillage in the environment. In the case of accidental spillage, follow the instructions indicated in section 6.	-
	CONDITIONS FOR SAFE STORAGE, INCLUDING ANY INCOMPATIBILITIES:         Keep out of reach of children. In order to avoid leakages, the containers, after use, should be closed carefully and placed in a vertical position container tightly closed. For more information, see section 10.         Class of store       : According to current legislation.         Maximum storage period       : 24 months         Temperature interval       : min: 5. °C, max: 30. °C (recommended).         Incompatible materials:       Keep away from acid products and strongly oxidizing agents.         Type of packaging:       Sealed containers. The use of unsuitable materials (eg. iron, aluminium, etc) may cause the product to darken.         Limit quantity (Seveso III):       Directive 2012/18/EU:         No aplicable.       .	אר. Keep
7.3	SPECIFIC END USES. For the use of this product do not exist particular recommendations apart from that already indicated.
